Graphic & Print Release Form

A word about Printing Companies and Our work

All graphic work done by Miracle Studio Ink is set at 350-600 dpi (for clarity) and CMYK scale (for accurate color). We can only guarantee the final product of work produced by our offset press print handlers. If you take your designs elsewhere to be printed, we will not be responsible for the mishandling of our files once it leaves our studio. Please understand that there is a major difference between “offset printing”, digital printing” and “copying/Xeroxing”. If you print elsewhere, for best results, make sure they are truly using “press (offset) printing” with CMYK settings and not digital printing on RGB settings. Otherwise the colors WILL BE WRONG. Miracle Studio Ink will not be held responsible.

Prior to releasing projects for print, it is important that clients thoroughly review the Preview Files sent to ensure that it is error free. Miracle Studio Ink will accept no responsibility for errors, omissions or minute “nit-picky” concerns brought to our attention after the design come back from our print shop.

Please be advised, Miracle Studio Ink will not pay for or reduplicate any work if you fail to review your preview files, or attempt to modify our graphic and web design projects yourself. PLEASE DO NOT ATTEMPT TO MAKE CORRECTIONS TO YOUR GRAPHIC DESIGN, BOOK MANUSCRIPT, OR ANY OTHER WORK THAT WE DO. ☺ Tell us what needs to be changed and we will gladly do it ☺

For projects not designed by Miracle Studio Ink:

We will not modify any files submitted for print only; and we will not correct or modify another graphic designer’s work. We will send your file “as is”; be sure to make sure your file is “print ready”.

By Signing the Printing Authorization Form below, you acknowledge the following:

1. The consultant has sent you a preview of your graphic design project for your review
2. I have thoroughly checked the “bleed cuts” (red border) and text margins (blue border) around my graphic design work and verify that the cut line is correct, and that no text extends into areas that will be trimmed around the margins by the printing company.
3. I have proofread and checked for spelling errors.
4. I have made the Consultant aware of the Name, Date, Time, Who, What, When, Where, Why, How, Cost and/or Contact number for my venue. I have acknowledged that this pertinent information appears on my design.
5. If any content has been added, not used or removed from my project, the Consultant has made me aware of the reason(s) why, and I thoroughly understand and trust the Consultant’s professional judgment.
